PURPOSE

To insure that all ILS ambulances have the necessary drugs and equipment to fulfill their duties and responsibilities.

MISSION / VALUES RATIONALE

This policy is aligned with the Mission and Values for Presence Health. Our mission calls us to provide compassionate, holistic care with a spirit of healing and hope for all persons in the communities we serve. Our ministry is an enduring sign of our Core Values of HOPE, to instill us with integrity, inspire us to interconnect with each other, encourage us to honor diversity and dignity of each individual and empower us to always strive for exceptional performance to our patients/residents and to best serve those in need.

Wheeled multi-level cot w/3 sets of straps & over shoulder straps
3-point fastener for cot
Cot fits securely in fastener
Secondary stretcher w/3 sets of straps

On-Board Oxygen Equipment
Cylinder is not empty
Delivery Tubes
1 ea. A, C, I, Masks
3 ea. Nasal Cannula

**Portable Oxygen Equipment**
Full Primary Cylinder minimum size = □□□
Dial Flow meter/regulator for 15 lpm
Delivery tubes
1 ea. A, C, I masks
Full spare cylinder
Quick release, crash stable, mounting bracket for cylinders or
Quick release mounting bracket if stored in a secure compartment
2 Nebulizer kits

**Portable Suction Equipment**
Obtains 300mm within 4 seconds of clamping tubing
Tubing is translucent, non-kinking or collapsing
Tubing is 1/4" inside diameter
3 sterile, single-use catheters, one each size: S/6-8F - M/10-12F - L14-18F
3 sterile, semi-rigid pharyngeal suction tips
Gas-powered portable unit meets above requirements
Capable of charging from vehicle 12 volt system and 115 volt AC
Operates from Internal rechargeable battery supply
Operates for 20 continuous minutes (perform if battery sounds weak)
Manually operated suction device (IDPH approved)

**Medical Equipment***
Adult squeeze bag-valve-mask with adult and child masks
Child squeeze bag-valve-mask with child and infant masks
Traction splint, adult
Traction splint, pediatric
Adult blood pressure cuff/gauge
Child blood pressure cuff/gauge
Infant blood pressure cuff/gauge
Stethoscope (2)
Pneumatic counter pressure trouser kit (optional)
Long spine board adult with 3 sets of straps
Long spine board pediatric with 2 sets of straps
Short spine board (32" x 16" min) with 2 9' straps or vest type (wrap around) device (optional)
Airway, oropharyngeal, A,C,I.
Airway, Nasopharyngeal with lubrication, sizes 12-30F
Bandage shears, 1
Extremity splints, adult, two each long and short
Glucometer
Pulse Oximeter
Rigid cervical collars, one each; Pediatric, Small, Medium, Large, Restraints, arm and leg

Medical Supplies*
Trauma dressing, 6
Sterile gauze pads, 4" x 4", 20 each
Bandages, soft, roller, self adhering, 4" x 5 yd, 10 each
Vaseline gauze 3" x 8", 2 each
Adhesive tape rolls, 2 each
Triangular bandages or slings, 5 each
Burn sheets, clean individually wrapped, 2 each
Sterile solution, 2,000cc, plastic bottles or bags
Aluminum foil or silver swaddler, 1 each with head cover
Obstetrical kit, sterile, 1 each
Cold packs, 3 each
Hot packs, 3 each (optional)
Emesis basin, 1 each
Drinking water, 1 quart, sterile water may substitute
Ambulance emergency run reports 10 each, with data as outlined in 515.Appendix E
Pillows, 2 each
Pillowcases, 2 each
Sheets, 2 each
Blankets, 2 each
CPR mask with safety valve, 1 each
Urinal, 1 each
Bedpan, 1 each
Remains bag, 1 each (optional)
Nonporous disposable gloves
Impermeable red biohazard-labeled isolation bag
Face protection, masks/eye protection and/or field shields
Child/Infant car seat
Equipment/drug dosage sizing tape or
Pediatric equipment/drug age/weight chart
Poison control phone numbers

Extrication Equipment*
Wrecking bar, 24", 1 each
Goggles
Flashlight, battery operated, 1 each
Ambulance to Hospital radio tested and working
Informational cellular phone in addition to radio
